

Pierce Cedar Creek Institute

for environmental education

Planning a Visit?

Thank you for your interest in Pierce Cedar Creek Institute!

Our programs typically consist of hikes, lectures, and workshops of all kinds. Some current examples include the Conservation in a Changing World lecture series, Candlelight Trails Hike, and Screech Owl Nest Box Building workshop.

Typically, registration is listed on our website two months prior to any program.

We prefer participants to pre-register for an event. This allows the Institute staff to secure staffing and materials to best serve you. Cancellations prior to one week before the program/event will be refunded in full. Cancellations after that deadline will not be refunded.

To cancel your registration, please contact us at 269-721-4190 or email us at info@cedarcreekinstitute.org.
